Royal Bay Claremont Gardens is part of the Royal Bay Group, which has been built on the foundation of over twenty five years of operating residential and nursing care homes. Royal Bay has a great depth of knowledge and experience of designing, building, managing and providing caring, secure environments covering the full range of the needs of retired and elderly people. Royal Bay Close Care Retirement Property

Royal Bay's Linked Garden Cottages are built in close proximity to an existing Royal Bay Care Home, in this case Claremont Lodge, which means that you can enjoy the communal facilities as well as being safe and secure in the knowledge that help is on hand if and when you need it. The retirement properties are managed by a dedicated House Manager, who will be like a good neighbour to you. As well as being available to deal with any problem which may arise, the House Manager can arrange assistance with domestic work and personal care. Shopping can be arranged, or meals can be provided if you prefer from time to time. The management of the Cottages looks after communal tasks such as window cleaning and general maintenance, which leaves you worry-free to enjoy the good things in life. This is sheltered accommodation at its best.
